Hampton Inn Pittsburgh Airport Announces Completion of Renovated Rooms

PITTSBURGH, PA — October 10, 2006 — The Hampton Inn Pittsburgh Airport proudly announces that it has completed renovations to the guest rooms of the hotel. The hotel is a member of the Hilton Family and offers 127 well appointed Make It Hampton® rooms with complimentary high-speed Internet access throughout the property.

The hotel began their renovations during the summer of 2006 and had test rooms completed as early as June of 2006. Now all rooms of the 5-story interior corridor hotel have been completely renovated. The beds have all been upgraded with Hampton's signature Cloud Nine bedding package. The new Cloud Nine bed does away with the old-fashioned bedspread, featuring instead a crisp, white duvet cover, enveloping a lofty white comforter. Rooms that offer two beds now are equipped with larger Queen beds and not the standard double-sized beds.

In addition to the bedding upgrade, a complete overhaul of the furniture was completed including the installation of a new wall-unit. The new wall-units serve as a built-in-the-wall desk and armoire for hanging clothes. The units are the first of their kind and were custom built for the Hampton Inn Pittsburgh Airport. Other new furnishings include the installation of new carpeting, wallpaper, pictures, night tables and the television stand.
